

# What Rose is This?

TRR 2009 Fall Cutting Exchange

When bagging up cuttings and lotto donations to bring to Nacogdoches on Oct. 3<sup>rd</sup> why not print out plant labels from the TRR website and let everyone know all about your treasures?

This will help everyone pick out just the right plant for their needs. New Rustlers, too, will be able to choose some of our old favorites with confidence.

Rose/Plant name: "Bobbie's Blue Mist"  
(If this is a study name, please enclose in quotations.)

Donated by: Tex McKenna

Growth habit: Small bush, miniature blooms  
(E.g. small bush, V-shaped bush, vigorous climber, etc.)

Plant height x width: 3 1/2' x 3' Scent? no

Color of blooms: Bluish purple

Blooms how often? 2 - 3 times per year

Sun requirements: At least 1/2 day sun

Addl. comments: Bush from Bobbie McKenna's house in Splendora. Could be Angel Wings.

The next page contains 4 copies of the label ready for printing. You may type the information directly onto each label or write by hand. If typing the information remember to remove a few of the underlined spaces to prevent the line from word wrapping. If writing by hand please print clearly.
